WTC/9/16 PLANNING

(i) Planning Applications:

c) Ref: 16/01364/OUT – Land East of Woodstock, Oxford Road, Woodstock: Outline planning application (all matters reserved except for means of access in respect of new junction arrangements) comprising up to a maximum of 300 residential dwellings, up to 1100sqm of A1/A2/B1/D1 floorspace; associated infrastructure, engineering and ancillary works; provision of public open space; formation of vehicular accesses; and Full Planning Application for the development of phase 1 comprising 46 residential dwellings (46 of the 300 described above) with associated infrastructure and engineering works.

The Mayor declared disclosable pecuniary interest in this item as she lives in Hedge End and left the meeting whilst it was discussed. The Deputy Mayor assumed the Chair.

Mr Mellor addressed the Council and explained the main features of the planning application noting that:

1. A total of 300 houses are being proposed, of which 46 houses would be built in Phase 1.
2. All of the houses would be built in the district of West Oxfordshire
3. Although the site has been identified in the SHLAA the current application is double the number previously cited for this area and would be over-development of the site.
4. The siting of the new development is disproportionate to the rest of Woodstock and would have a harmful impact on the setting and the World Heritage Site.

Discussion followed during which Mr Mellor answered various questions from Cllrs. It was noted that in March 2016 the Council had made a policy decision to object to this planning application and this had been reflected by the Town poll. The Deputy Mayor proposed, Cllr B Yoxall seconded the motion and the Council

(ii) WTC Property Adviser's Role in Application for Major Development on Land East of Woodstock and in Appeal of Proposal for Long Hanborough: Cllr Mrs T Redpath declared a general interest. A report and motion from Cllr Parnes was received and considered. Cllr S Parnes proposed and Cllr P Redpath seconded the motion that WTC writes to its property Advisers indicating that, notwithstanding the Town's objections to development on the fields in 'Land East of Woodstock' as evidenced by the April 14th Town Poll, while the Town Council appreciates modern commercial environments entail freedom to compete, and to do business with a variety of Clients, the Town Council is concerned that Carter Jonas' work on production of 'Viability Appraisal' for the applicants of the 'Land East of Woodstock' proposals seem contradictory to the Town Council's policies on maximising affordable housing contributions and enhancing the Town Centre economy; and, that where conflicts of interest are perceived WTC may note this in future considerations of its property management contracts.

Discussion followed and the vote was then taken. Cllr S Parnes asked for a named vote the result of which was as follows:

For: Cllrs S Parnes, P Redpath, B Yoxall and Ann Grant (4)
