## PART 1: COMMENTS

The draft Neighbourhood Plan includes a single policy that will help protect local green spaces in Woodstock. This is highlighted in a blue box and prefixed with the words 'Policy WNP LGS1'.

This policy identifies a number of green spaces within the neighbourhood area for designation. Justification for each site is laid out on subsequent pages of the Neighbourhood Plan and supporting material on the website.

When responding to this survey please note the following:

For a space to be designated as a Local Green Space it should meet a number of criteria. These include whether the space is:

*Demonstrably special to a local community and holds a particular local significance, for example, because of its beauty, historic significance, recreational value (including as a playing field), tranquillity or richness of its wildlife.*

Spaces that meet the criteria for designation should also be local in character and reasonably close to the community it serves.

Spaces that comprise extensive tracts of land are not considered appropriate for designation.

Please use the tables below to provide your comments on this draft version of the Neighbourhood Plan.

Your comments will be read and considered carefully and may result in modifications to the draft Neighbourhood Plan before it is submitted to West Oxfordshire District Council for independent examination.

Please note that fields marked with a [\*] are required.
