**OPEN DISCUSSION:**  
**WOODSTOCK ↔ MAINTENON**

The Town Council of Maintenon in France have suggested developing links/twinning between their town (about 40 miles south-west of Paris) and Woodstock. The Mayor and two deputies from Maintenon visited Woodstock in August. After discussion in Woodstock Town Council, we should like to hear the views of residents on a possible way forward.

Your views are welcome so please come and join the discussion.
